

Whitehall Township

Micro surfacing Schedule –

**UPDATE 9/20/18 – 10:15 am return here to monitor updates.**

**Rain Delay for rest of today. Work will resume tomorrow as weather permits.**

**You can park on the street while a rain delay exists. Streets will be pushed back to the next nice weekday.**

**Posted No Parking for work 9/20/18 rain delay to 21<sup>st</sup>.**

Halleck Drive /Augusta Drive

Front St (Lehigh St to Iron St).

May be a chance of Saturday 22<sup>nd</sup> work for this section watch for no parking signs

Front St. (Iron St to Hokendauqua St)

**This process lengthens the life of the road. It is applied wet and dries within one hour. If you have any questions or concerns talk to the workers doing the work. Each street will be posted “NO Parking” the day before the work. Sorry for the late notice but the contractor is trying to get all the work done in between the rain events the region has been having. The surface has a wearing in period. It may look substandard at first but will improve.**
